## 👤 Summary

QA Tax Analyst with 4+ years of experience in US tax software compliance testing, specializing in ATS (Assurance Testing System) validation, 2D Barcode testing, and XML/XSD schema verification for enterprise tax platforms including Intuit Lacerte, ProSeries, and H&R Block. Promoted from contractor to full-time analyst — selected as 1 of 10 from a 100+ member team — based on consistent delivery of defect-free, audit-ready test cycles. Bridges deep US tax domain knowledge with QA engineering to reduce manual testing effort while maintaining 100% Print Form Approval compliance across multiple tax years and IRS MeF e-file standards.

## 🧩 Core Competencies

ATS Validation | 2D Barcode Testing | XML/XSD Schema Validation | IRS MeF E-File Compliance | State DOR Certification | Regression Testing | Defect Lifecycle Management | Field Value Comparison (FVC) | Form Mapper Testing | Test Case Design | JIRA | Azure DevOps | GitHub | Altova XML Spy | US Federal & State Tax (1040/1040NR/FBAR) | Tax Software QA | E-File Rejection Analysis | MeF Schema Compliance

## 🧩 Technical Skills

**Tax Software:** Intuit Lacerte, ProSeries, Drake, H&R Block (HRBS), DIY Online Software

**QA & Testing:** ATS Testing, 2D Barcode Testing, XML/XSD Schema Validation, Regression Testing, Field Value Comparison (FVC), Form Mapper Testing, E-File Validation, MeF Compliance Testing

**Tools & Platforms:** Altova XML Spy, XML Notepad, Notepad++, JIRA, GitHub, Azure DevOps (ADO), Jenkins, DNA

**Domain Knowledge:** IRS MeF E-File Standards, State DOR Certification (KY, UT), Federal/State Tax Form Structures, Print Form Approval, ATS Return Preparation, Limit Documentation (LD), TSR Management

**Programming / Scripting:** Python, Test automation scripting for Tax Table & Tax Rate validation; XML/XSD schema analysis

## 👛 Professional Experience

**Tax Analyst,** CriticalRiver Technologies Pvt Ltd

08/2025 – 06/2026 | Hyderabad, India

**Client: Intuit Inc. — ProTax Project (Lacerte & ProSeries TY24–TY25 )**

- Executed full-cycle compliance testing for Lacerte and ProSeries across Graphic Rollovers, OSI updates, and Input Sheet changes, ensuring each release met IRS and state DOR regulatory standards prior to deployment.
- Validated 2D Barcode generation and ATS test returns for federal and multi-state individual tax filings, maintaining 100% Print Form Approval compliance across all tested tax years.
- Verified XML and XSD schema integrity using Altova XML Spy and XML Notepad, aligning e-file output with updated IRS MeF specifications before each release cycle.

- Owned full defect lifecycle in JIRA — from bug identification and documentation through regression validation and sign-off — coordinating between onsite and offshore development teams.
- Classified high-volume test clients in DNA to support Print Form Approval workflows, achieving zero compliance failures across all reviewed federal and state form sets.
- Executed ATS and 2D Barcode testing across approximately 10 states — including MI, MT, WI, ME, CT, WA, DE, IL, and MN — covering all 6 form modules: Individual (1040), S-Corp (1120-S), C-Corp (1120-C), Partnership (1065), Fiduciary (1041), and Estate & Trust returns, ensuring multi-entity compliance across federal and state tax platforms.
- Received formal appreciation from the US Plano team and Bangalore Nexus for quality contributions to the ProTax project.

**Tax Analyst**, Speridian Technologies Pvt Ltd

10/2023 – 05/2025 | Bangalore, India

**Client: H&R Block | HRBS Project (May 2024 – June 2025)**

- Led end-to-end state tax certification for Kentucky (KY) and Utah (UT), managing Tax Sample Requests (TSR), form validation, and DOR approval coordination — ensuring software releases met state-mandated compliance standards.
- Built annual rekey returns for cross-functional state software validation, ensuring regulatory accuracy across all DIY platform releases.
- Executed Field Value Comparisons (FVC) and Form Mapper testing to validate XML/.TAX file integrity and data consistency across H&R Block DIY software platforms.
- Automated Tax Table and Tax Rate validation workflows, reducing manual testing effort by an estimated 30% during peak tax season cycles.
- Prepared ATS test returns for state approval submissions and developed Limit Documentation (LD) to communicate software constraints to stakeholders and end-users.

**Client: H&R Block | OLA Project (Nov 2023 – April 2024)**

- Resolved high-volume customer tax queries via live chat, providing accurate guidance on US federal and state tax rules, deductions, credits, and filing requirements.
- Identified and escalated software defects to technical teams, ensuring the DIY filing workflow remained compliant with current IRS regulations throughout the filing season.
- Maintained current knowledge of annual tax law changes to deliver consistent, audit-ready guidance across all customer interactions.

**Senior Tax Analyst**, KHOB Solutions Pvt Ltd

10/2021 – 09/2023 | Hyderabad, India

- Prepared and reviewed 2,000+ individual tax returns including Form 1040, 1040NR, ITIN applications (W-7), and FBAR filings, maintaining high accuracy across all submissions.
- Resolved IRS and state tax notices by liaising directly with government agencies, achieving timely clearance of CP notices and audit correspondence on behalf of clients.
- Researched applicable tax codes and IRS regulations to identify legitimate deductions and credits, reducing client tax liability while maintaining full regulatory compliance.
- Validated tax data for accuracy and completeness prior to e-file submission, and represented clients during IRS and state tax audits as required.

## Key Achievements

- **Contractor to FTE — Top 10 of 100+:** Selected as 1 of 10 from a 100+ member contractor pool for full-time conversion at Speridian, based on top-tier performance across the OLA and HRBS projects — transitioning directly into a specialized QA tax testing role.
- **100% Compliance Record:** Maintained 100% Print Form Approval compliance and zero regulatory failures across federal and multi-state tax platforms over multiple tax years (TY22–TY25).
- **30% Efficiency Gain:** Reduced manual Tax Table and Tax Rate validation effort by an estimated 30% through targeted test automation during peak filing cycles at Speridian.
- **High-Volume Delivery:** Prepared and reviewed 2,000+ Form 1040, 1040NR, and FBAR returns with consistently high accuracy under hard IRS filing deadlines.
- **Cross-Team Recognition:** Received formal appreciation from both the US Plano team and Bangalore Nexus for quality contributions and defect-free delivery on the Intuit ProTax project.

## Education

### **Master of Business Administration - Finance**

Dr BR Ambedkar Institute of Management and Technology

2023 – 2025 | Hyderabad, India

### **Bachelor of Commerce - Computers**

Keshav Memorial Institute of Commerce and Science

2018 – 2021 | Hyderabad, India
